

## Quad, the new all-terrain stroller.

Quad is the new Inglesina stroller combining an extremely modern and technical look with the sturdiness and the ability to travel even on the roughest terrain. The Quad's innovative frame is sturdy and light, and it features large ball bearing wheels that provide a smooth ride. Its linings emphasize the particular "all-terrain" appearance, with fabrics inspired from nature and ranging from the texture of jute, the lightness of linen to the softness of the melange jersey. Thanks to its single handle, Quad can be pushed comfortably just with one hand. The Inglesina-patented locking system makes it possible to close and reopen the frame with one hand. The stroller features a reversible seat, easily adjustable to face either the parent or the outside world. Quad's wide seat is suitable to accommodate the child from the earliest months of life and it is made to be used for all seasons thanks to the rain cover and foldaway hood with sun shade extension. The optional bassinet, extra large and designed according to the latest safety standards, has a wraparound shape that ensures a high level of protection.

## Quad consists of:

- Stroller
- Storage basket
- Cup holder
- Foot muff
- Rain cover
- Optional bassinet
- Optional matching diaper bag
- Optional car seat adapter for use with Maxi-Cosi® (Mico AP & Prezi) + Cybex® (Aton & Aton 2) + Nuna®
- 

## Stroller features:

- Suitable from birth to 55lbs.
- The seat is reversible (the position on the frame can either be facing the parent or the street).
- The frame is fitted with revolutionary book folding, one hand only system, patented by Inglesina.
- Single handle with soft touch grip, adjustable height.
- Swivel front wheels with shock absorbers.
- EVA wheels, front diameter 7.6", back diameter 10.6" fitted with ball bearings.
- One-control active brake, which moves automatically into position upon actuating, ensuring greater safety in use.
- Storage basket approved up to 6.6lbs, wide and easily accessible.
- Cup holder built into the frame. (No need to remove it to fold your Quad frame)
- 5-point adjustable safety harness.
- Spacious shaped seat with cocooning seating.
- Thanks to the double position, the height of the seat safety back straps can be adjusted, thus adapting to the child's growth.
- Protection shoulder straps in soft padded jersey.
- The hood is seamlessly integrated to the seat, and the width is also adjustable, thanks to the practical concealed zipped extension.
- Wide foot muff, perfectly enveloping even in newborn configuration.
- The foot muff, soft and padded, can be hooked into a suitable position to protect the baby from the cold.
- 4-position reclining backrest with centralized control.
- Handrail and footrest in technical waterproof material, resistant and easily washable.
- 2- Position adjustable footrest board.
- Completely removable lining and hood, hand washable at 86°F.
- The seat is fixed and removed very easily by means of the side handles, thanks to the Easy Clip mechanism.

## Technical specifications:

Closing type:	Book folding
Stroller dimensions when open:	24" x 32.2/43" x 30.3/38.5" (width x height x depth)
Frame dimensions when closed:	24" x 29" x 10.6" (width x height x depth)
Stroller weight:	26.45 lbs
Materials of the structure:	Aluminum
Material of the external lining:	Polyester fabric

## Bassinet features:

- Spacious, comfortable and designed according to the latest safety standards.
- The backrest reclines to various positions through a practical front control.
- The bassinet is equipped with a special device at the front to adjust the air flow: special adjustable opening vents ensure natural air circulation and ideal temperature.
- The inner lining is completely removable and hand washable at 86°F, thus ensuring the most thorough hygiene of parts in direct contact with the child. After removing the inner lining, the bottom of the bassinet can also be cleaned with a damp cloth.
- Practical carry handle, integrated in the textile lining, with ergonomic grip.
- Centralized release mechanism of the bassinet from the frame.
- Matching diaper bag with protective shoulder strap and changing mat available as accessory.

## Technical specifications:

Internal bassinet size:	11.4" x 9.5" x 27.5" (width x height x depth)
External bassinet size:	18.5" x 25.7" x 34" (width x height x depth)
Weight:	12lbs
Material of the external lining:	Polyester fabric
Material of the internal lining:	Polyester fabric
Materials of the structure:	Polypropylene
Pram dimensions (frame + bassinet)	24" x 45.6" x 34/40.3" (width x height x depth)
